Dear Master Lian Tzi,

On behalf of all our school community, many thanks to you & your team for the generous donation of the foodstuffs.

Your kindness will greatly assist our less fortunate children and families as they strive to improve their educational achievement.

It is through the direct action of individuals, and organizations such as yours, that we are better able to meet the challenges faced by some of our children as they become the leaders of tomorrow.

Again, many thanks!

Yours,

Bruce
