

Thank You!

My name is Isobel Stodola, and I would like to say thank you so much for choosing me to be a recipient for the Lotus Light Scholarship award. This scholarship will provide some great support for me as I go on to pursue higher education at McGill University. It means a lot to me that you believed in not only my academic potential, but also my ability to further affect change in my community. Thank you so much again for this award.

-Isobel
