

Hello Master Lian Tzi,

I am writing to thank you for awarding me the Lotus Light Charity Society Mu-Shu Lee Memorial Scholarship in Social Work. I am incredibly grateful and touched that you chose me to be the recipient! I am currently in my fourth year of Social Work at UBC and this scholarship helps me to succeed in my academic and professional goals.

I am from Victoria, BC and I chose UBC because it is known for having a supportive and enthusiastic academic community. That is why I am so grateful for awards such as this one, and why I feel that it is so important for awards such as these to be awarded to students. Doing so helps to provide students with a sense of being supported, of community, and of belonging.

I am grateful for this award because it helps to ease the financial load of the final year of my undergrad. This frees up time and resources that I am able to redirect towards being successful in my studies. Thank you!

Thank you again!

Indigo
