

Dear Master Lian Zhi

Hello my name is Morganna Wells  
a little about me for the last 9 years  
I have been battling end stage kidney  
failure this past March 2 at St Paul's  
hospital I was given the blessing of  
a second chance at a normal life  
via kidney transplant I am still  
recovering and having great difficulties  
walking any distance or stairs, I am  
having financial difficulties relying only  
on a limited budget most times I am  
unable to afford food, I wanted to write  
this letter of gratitude and thanks  
for the help I have received from Lotus Light  
Charity Society, love, light and blessings to  
you all.

Sincerely  
Morganna Wells
