Dear Master Lian Tzi,

I am writing to you today to express our gratitude for the yogurt donation. Yogurt is a key nutrition component to many, being able to give it to families and community members is critical to ensuring a well balanced diet.

Through this donation, we were able to help out many such as the Aboriginal front door, Overdose Prevention Society, Maple overdose prevention society and many more. These donations really help the senior and the population with dental issues still have a nutritious meal to eat.

Thank you again for this amazing donation, we appreciate your collaboration and partnership for the last many years. We look forward to working with your team more in the future.

Regards

Chef Evan Reeks
